PACING

Please remember that this should be adjusted based on your kids. If they need to do less in a day or want to do more, please do not feel you need to follow this exactly. Go at the pace that works for you and your kids.

If your kids can't read yet, read the stories to them for more great listening practice.

I have planned about 5 days for this chapter. Here is an approximate schedule:

Always begin each day with greetings (Buenos días o buenas tardes, ¿Cómo estás?) and calendar time.

Day 1

1. Follow the instructions and script for Total Physical Response (TPR) for the verbs.
2. Show [this video](#) for listening practice with the pictures.
3. Start PQA with one verb (me encanta, tomo, or estamos). Can start watching [this video](#) with some of the questions and the mini-situation.

Day 2

1. Review vocabulary with TPR by saying the words (in a random order) and going through the list at least once.
2. Complete PQA.

Tip: PQA is an area that may need to be broken up over 2 or 3 days depending on your kids' interest level and age. If you want to break it up, do PQA with one verb at a time. For instance, ask the questions for "tomo" one day and then "estamos" the next.

Day 3

1. Review vocabulary with TPR by saying the words (in a random order) and going through the list at least once OR have kids read the mini-story from the previous lesson. You can also check my website for a story that my kids and I have created.
2. Complete the listening version of the story *El ancla* and ask the questions. I recorded the story and questions on [this video](#). You can have kids listen to the story and draw or act what they hear.

Day 4

1. Review the vocabulary that is most challenging to your kids with TPR saying the words a few times in random order OR play *Memoria* (Memory) or *Peces* (Go Fish) with the flashcards.
2. Complete the reading and activities for the story *El ancla*.
3. Complete the game Odd One Out.

Day 5

1. Review the vocabulary with TPR if needed OR play one of the games mentioned in #1 of Day 4.
2. If you have the workbook, read chapter 5 and complete any corresponding activities.
3. Complete the *Sobre de mí* activity.

TIPS:

Try to read for a few minutes each day. Reading is very important for language acquisition!

If you don't have the workbook, definitely write the mini-story you and your kids create from the story outline in the PQA script for additional reading practice. If you have questions, post in the comments section of this post. I will do my best to help!
