## Instructions:

On the following pages are vocabulary worksheets which have a list of the vocabulary for this chapter with English translations. Kids can use this to look for words when completing the activities in the rest of the lesson.

My suggestion is to make a copy for each person.

There is also a vocabulary page with helpful "small" (but very important) words that aren't officially taught, but kids will learn over time. I have a word wall with these in my classroom, and kids learn the words quickly because they are repeated so much. If you don't have a word wall like described [here](#), print the list on slide 4.

## Grammar Notes:

Telling time in Spanish can be challenging for English speakers. Especially the second half of the clock!

I've broken down telling time in Spanish into 3 lessons: the hour and half hour, the minutes from 1 - 29, and the minutes from 31 - 59.

This is the third, and last, lesson (minutes 31 - 59). Make sure kids know the hours and minutes 0:01 - 0:29 from the two lessons before doing this one.

For the second half of the hour, you have to subtract. For example, it's kind of like saying, "ten 'til two" in English for 1:50.

To say minutes 31 - 44 and 46 - 59, you say the next hour, *menos* (minus), and then the number for the minutes. However, the minutes are \*not\* the same as English. Starting with 60, subtract the minutes to say the number on the clock.

For example:

It's 1:40 is *Son las dos* (the next hour) *menos veinte* (because  $60 - 20 = 40$ ).

It's 3:50 is *Son las cuatro* (the next hour) *menos diez* (because  $60 - 10 = 50$ ).

To say the 45-minute mark, you say the next hour, *menos*, and then *cuarto*.

For example:

It's 10:45 is *Son las once menos cuarto*.

I gave examples on the vocabulary sheet that match what's on the flashcards. This should give a good feel for how to tell time with the second half of the clock.
